FROM THE EDITORS - Happy St. Patrick's Day!

St. Patrick is the patron saint of Ireland. He lived about 1,500 years ago, and was the first man to spread the Christian faith throughout Ireland. St. Patrick was probably born in the year 389. When he was 16 years old, he was stolen from his home in Britain by Irish outlaws and was sold as a slave in Ireland. After six years as a slave he escaped, but he was sure that he could bring Christianity to the pagan Irish. The Pope, the religious leader of the Catholic Church, made him a bishop and sent him to Ireland. In Ireland, St. Patrick opposed the pagan priests called druids. He converted many people, both rich and poor, to Christianity. He founded many churches and monasteries, and by the time he died, in 461, Ireland was well on the way to being a Christian nation.

There are many legends about St. Patrick. One says that he used the three leaves of the shamrock to explain the idea of the Blessed Trinity; that is, that there are three persons--the Father, Son, and Holy Spirit--in one God. For this reason, the shamrock is often used to stand for St. Patrick and Ireland. Another legend tells that he drove the snakes out of Ireland, but though it is a good story, it is not true because there were none in Ireland at that time. His feast day is on March 17 and on that day the Irish people of New York City parade up Fifth Avenue past St. Patrick's Cathedral in his honor.

We did a little survey here on BSU's campus to see how St. Patty is honored! We got varied responses, though most people said they celebrate by drinking green beer and singing Irish songs. Others celebrate by eating corned beef & cabbage. Probably the most interesting response we got was a gentleman who said his favorite way might be to go out and find a lady dressed in green and smother her with kisses!!

EMPLOYEE OF THE MONTH

This month we have chosen Maudie Garretson as our Employee of the Month. Maudie has thoughtfully written the following for us, and we are happy to share it with you.

- - -

I am not sure I deserve this honor, but I certainly have been a strong supporter of the Association of Educational Office Personnel at the National, State and local levels for many years.

I was born in Nebraska (never mind the year) but was moved reluctantly to Idaho in my teens, forced to leave a neat boyfriend who later married my cousin - and am I ever glad! I began my career as a secretary in a Seattle shipyard (does that give you a clue). That job was short lived since I became pregnant when my husband returned from occupation duty with the Army.

Several years and three daughters later, I became an Educational Secretary. After 10 years at Lincoln School in Boise, 2 years each at Eagle Elementary and Lake Hazel Elementary in the Meridian district, and 2 years working on a special education grant, I am permanently stationed at Boise State University (I hope), in the Field Services Office of Teacher Education. It's in this office that we receive and process student teaching applications and place the student teachers in the schools. I thoroughly enjoy the versatility of this position, which has proved to be a responsible one.

I was a member of the Ada County Association of Educational Office Personnel since its beginning in 1973 and was treasurer in 1977-78. I left ACAEOP to become president of our own BSU-AOP in 1981 and am completing my second term as president. I have been on the board of the Idaho Association of Educational Office Personnel every year but one, I believe, since it was organized in 1972. I held the offices of Corresponding Secretary, Vice-President and Conference Chairman for two years, and President in 1978-79. During my term as president, IAEOP Affiliated with Idaho Association of School Administrators and Idaho Association of School Superintendents, and the In-Service Program was initiated. I have been In-Service chairman for four years and a member of the Past Presidents' Council.

I organized and was a workshop presenter at two In-Service Workshops sponsored by IAEOP. One workshop was for the Nampa School District in 1981 and the other for thirteen school districts in eastern Idaho hosted by Idaho Falls School District #91, Spring, 1982. I have been a member of the National Association of Educational Office Personnel for 10 years. I served on some research committees. I was asked to open a National regional meeting of NAEOP in Seattle by singing the inspiration, and also sang at several other national meetings including a Presidents' luncheon in Phoenix.

My participation in these professional organizations has been tremendously valuable to me as well as thoroughly enjoyable. I have attended national conferences in San Diego, Phoenix, Seattle, Biloxi, MS; Dearborn, MI; Lincoln, NB; as well as all annual Spring IAEOP Conferences in Boise and 2 Fall conferences in Moscow, ID.

I have been active in church work for many years, where my husband and I have worked with Senior Citizens in the congregation. I love to sing and have been a member of the Madrigal Club of Boise for 12 years and am now singing in the church choir.

Needless to say, I am a busy wife, mother, grandmother (10 grandchildren), and secretary.

A special "thank you" to Virginia Cox for showing her slides from Micronesia at the BSUAOP February luncheon meeting. It was interesting to learn a little about a different culture and social life and the way her daughter reacted to their vacation environment.

DON'T FORGET I.A.E.O.P. SPRING CONFERENCE

April 29-30, 1983 at the

Red Lion - Riverside

Our national president, Jeanne Haas, will be here. Her workshop, "Dare to Do - Some Effective Circling" will explore an innovative concept that involves the office staff in decision making - leading to improved morale and productivity.

Another exciting workshop "You are Special" led by Adelaid Woodcook, explores "Self-Esteem" -- its genesis, barriers and potential for increase.

There will be something of interest for everyone. Don't forget to ask our personnel office for an "administrative leave with pay" form and get ready for the big event.

Immediate past I.A.E.O.P. President

SPRING SONG

Listen buds, it's March twenty-first
 Don't you know enough to burst?
 Come on, birds, unlock your throats!
 Come on gardeners, shed your coats!
 Come on zephyrs, come on flowers,
 Come on grass, and violet showers!
 And come on, lambs, in frisking flocks!
 Salute the vernal equinox!
 Twang the cheerful lute and zither!
 Spring is absolutely hither!
 Yester eve was dark despair,
 With winter, winter, everywhere;
 Today, upon the other hand,
 'Tis Spring throughout this happy land.
 Oh, such is Nature's chiaroscuro,
 According to the Weather Bureau.
 What thought the blasts of Winter sting?
 Officially, at least, it's Spring!
